⚠ **Glass Installation**
 Please turn to page 2 for detailed glass instructions.

** Shades shown for demonstration purposes only. Not Included.

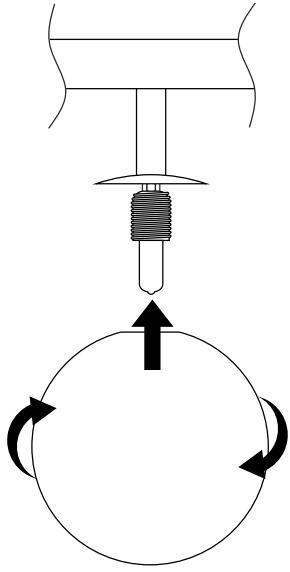

* Lamps may not be included. Please ensure maximum wattage is not exceeded.

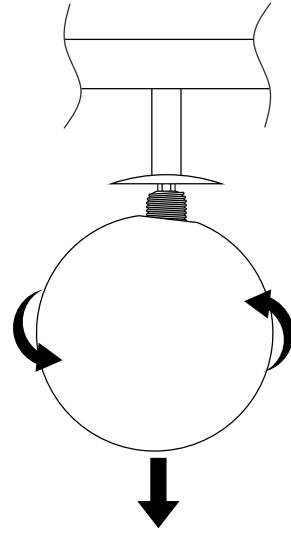

Voltage	220-240V ~ 50/60Hz				
Lampholder	G9	COMPATIBLE			
Lamps	16 x LED 10W Max			WITH SUITABLE LAMP/DIMMER	

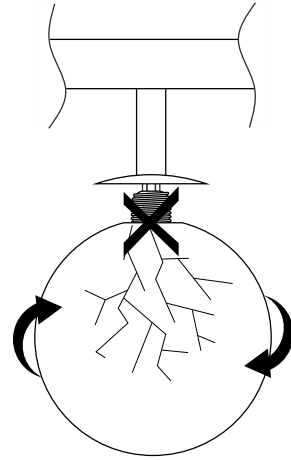

These shades are hand made / blown glass and some small variation between each one may occur. The glass is extremely fragile so special care must be taken when installing.

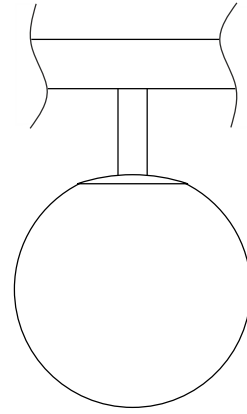

PLEASE READ THE STEPS BELOW CAREFULLY PRIOR TO INSTALLATION OF THE GLASS.

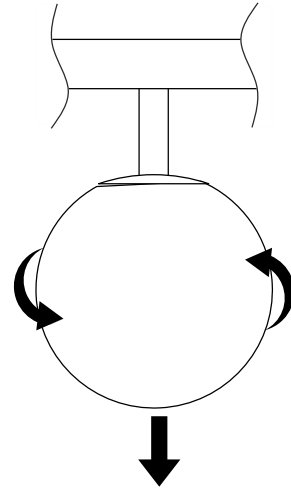

1 If the glass is fitted at a slight angle and it cross threads, carefully unscrew it and place on straight.

2 If any resistance is felt while installing the glass please remove and reset. Any excess force applied will break the glass.

3 Stop tightening when the glass touches the plate.

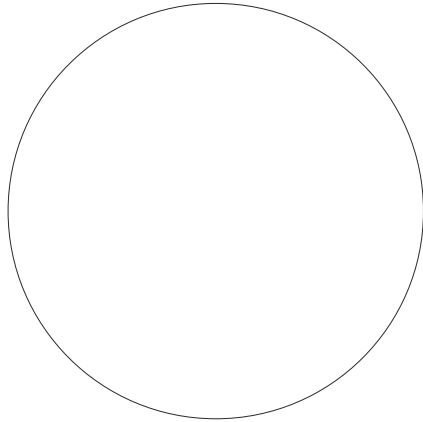

4 If you reach step 3 and there is a gap on one side, please remove and try another glass as this can occur due to its hand made nature.
