

**1G TOGGLE / 2-WAY
/ LINEAR**

ACTION: 2 WAY TOGGLE ITEM GROUP

KNURL: LINEAR

RANGE: DIMMER / TOGGLE WALL PLATE

A 1G toggle switch made from solid metal. It features a brushed solid metal plate, toggle module and a detail kit with our signature linear toggle arm, solid metal linear toggle nut and torx caps.

This switch is part of our Custom Switches + Sockets collection, which can be customised in the years to come functionally and aesthetically. Simply switch out the modules, or change the look with one of our detail kits. This piece is delivered with its components in separate boxes.

See tech spec for more information and, if in doubt, always consult a licensed electrician.

SPECIFICATIONS

Solid metal switch plate with 1x toggle module.

Module: GTM-013290

Style: On / Off Toggle Switch

Switching: 2-way (can be controlled from 2 locations)

220-250VAC / 10AX / 50Hz

Certification: BS EN 60669

For use with standard 1-way, 2-way and 3-way wiring accessories.
Compatible with smart home systems that accept standard switch inputs.
Not compatible with retractive switches and Buster + Punch multipoint dimmers.

Not suitable for motors, fans or any other type of large inductive load.
Make sure to consider the inrush current load on the circuit when specifying this module (10AX max.).

Compatible with UK standard 1G electricity back boxes (60.3mm screw spacing). See dimensions of chosen module for required backbox depth.
Box must be flush mounted.
